Professional Summary

MERN Stack Developer with internship experience in building responsive and scalable web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing reusable UI components, integrating RESTful APIs, implementing authentication, debugging applications, and collaborating in Agile development environments. Experienced in integrating AI services using Gemini AI API and implementing Retrieval-Augmented Generation (RAG) concepts to build intelligent developer tools. Passionate about creating efficient, scalable, and user-focused applications using modern web technologies.

Technical Skills

Programming Languages:

JavaScript (ES6+), C++, HTML5, CSS3

Frontend:

React.js, Tailwind CSS, Responsive Web Design, React Hooks

Backend:

Node.js, Express.js, REST APIs, JWT Authentication, API Integration

Database:

MongoDB

AI Integration:

Google Gemini AI API, Retrieval-Augmented Generation (RAG), Prompt Engineering, LLM Integration

Developer Tools:

Git, GitHub, VS Code, Postman

Core Concepts:

Object-Oriented Programming (OOP), Component-Based Architecture, Debugging, Responsive Design, RAG Pipelines

Experience

Frontend Developer Intern (React.js)

Cepialabs Pvt. Ltd.

June 2025

- Developed reusable and responsive UI components using React.js and Tailwind CSS, improving consistency across application modules.
- Integrated RESTful APIs with frontend components to fetch and display dynamic data efficiently.
- Debugged and resolved frontend issues related to UI rendering, API integration, component state, and routing to improve application stability.
- Enhanced existing application features by implementing UI improvements and optimizing React components for better performance.
- Fixed bugs identified during testing and collaborated with senior developers to deliver reliable solutions.
- Worked closely with backend developers to ensure smooth communication between frontend and backend services.
- Participated in Agile sprint planning, daily stand-up meetings, and code review discussions.
- Used Git and GitHub for version control, branch management, and collaborative development.
- Assisted in testing new features to ensure responsiveness, cross-browser compatibility, and functionality.
- Followed clean coding practices and maintained modular, reusable, and maintainable React code.

Projects

AI Code Reviewer

React.js, Node.js, Express.js, Gemini AI API, RAG

- Developed an AI-powered code review application that analyzes source code and provides intelligent feedback using Google Gemini AI API.
- Integrated Gemini AI API to identify potential bugs, suggest code improvements, and recommend optimization techniques.
- Implemented Retrieval-Augmented Generation (RAG) concepts to enhance AI responses by providing relevant context and improving code review accuracy.
- Built a responsive React.js interface allowing developers to submit code snippets and receive AI-generated review reports.
- Developed backend services using Node.js and Express.js to securely manage API requests and AI model interactions.
- Designed prompt-based workflows to generate meaningful developer recommendations and improve response quality.
- Implemented API handling, error management, and response processing for reliable frontend, backend, and AI communication.
- Created a developer productivity tool that helps improve code quality and reduces manual code review effort.

Travio Website (Team Project)

React.js, Tailwind CSS

- Developed reusable and responsive UI components using React.js.
- Built modern, mobile-friendly layouts using Tailwind CSS following responsive design principles.
- Collaborated with team members using Git and GitHub for version control and code integration.
- Improved user experience by maintaining consistent UI patterns and reusable component architecture.

Education

Bachelor of Technology (B.Tech) in Computer Science

RGPV University, Madhya Pradesh

2025

Senior Secondary (Class XII)

Board of Secondary Education

2020

Secondary (Class X)

Board of Secondary Education

2018

Languages

Hindi – Fluent

English – Professional Working Proficiency
